Don't miss this opportunity to take a class that can save a life! Internationally recognized Accident Scene Management (ASM) is a non-profit organization that teaches motorcyclists what to do at the scene of an accident until help arrives. Our classes are taught by certified instructors and medical professionals who ride.

You will Learn:

- P** – Prevent Further Injuries - secure the scene, personal precautions, bike lift, when and how to move the injured
- A** – Assess the Situation – possible injuries, mechanisms of injury
- C** – Contact the EMS – how to give good information that helps get proper help coming
- T** – Treat the Injured with Life Sustaining Care – **ABCSS of Trauma** Learn Jaw thrust rescue breathing, when and how to remove a helmet, how to address external and internal bleeding, Spinal Stabilization and what takes priority
